White House Conference on

Hunger, Nutrition, and Health

To achieve the aspirations of the White House Conference on Hunger, Nutrition, and Health, the Academy puts forward the following priority recommendations:

#1

Fully leverage the training and skills of nutrition and dietetics practitioners in all clinical and community settings

#2

Ensure all Americans have access to quality nutrition care services

#3

Invest in prevention and redesign the food and nutrition experience where Americans go to school, work and play

#4

Fully fund the *Dietary Guidelines for Americans* process; fund research necessary to inform its recommendations; and provide translation of data and implementation strategies necessary to reach all Americans.

#5

Support efforts to strengthen and expand federal nutrition programs
