Membership Makes a Difference
About Us

The Academy of Nutrition and Dietetics is the world’s largest organization of food and nutrition professionals

The Academy was founded in Cleveland, Ohio, in 1917, by a visionary group of women dedicated to helping the government conserve food and improve the public’s health and nutrition during World War I. Today, the Academy has members in over 80 countries throughout the globe—registered dietitian nutritionists; nutrition and dietetic technicians, registered; other dietetics professionals holding undergraduate and advanced degrees in nutrition and dietetics; and students—and is committed to empowering a global workforce to accelerate improvements in health through food and nutrition.

The work of the Academy and our members is guided by five key principles:

• Amplify the contribution of nutrition and dietetics practitioners and expand workforce capacity and capability
• Integrate research, professional development, technology and practice to stimulate innovation and discovery
• Collaborate to solve the greatest food and nutrition challenges now and in the future
• Focus on system-wide impact across the food, well-being and health care sectors
• Have a global impact in eliminating all forms of malnutrition. Learn more about how you can become a member of the Academy, and how Academy membership can help you promote nutritional health.

Join us and support initiatives that make a global impact on health through food and nutrition. Learn more about how you can become a member of the Academy, and how Academy membership can help you promote nutritional health.
Active Membership

The Active category is the Academy’s largest membership category. Active members can enjoy all the benefits the Academy has to offer, including career, professional and continuing education resources. The Academy’s main, professional membership category encompasses:

- Individuals who have completed an ACEND accredited dietetics program
- Individuals with advanced degrees in an approved area of concentration
- RDs/RDNs and DTRs/NDTRs

If you can answer YES to any of the questions below, you qualify for Academy membership in the Active category:
