

## **Are You Interested in Advancing Malnutrition Care at Your Organization? Join the 2018 MQii Learning Collaborative**

The Academy of Nutrition and Dietetics and Avalere Health are enrolling participants for the 2018 MQii Learning Collaborative, and invite you to join us in advancing malnutrition care. This collaborative brings together leading hospitals and health systems across the U.S. to support acceleration and dissemination of malnutrition best practices for hospitalized patients. Learning Collaborative participants undertake a data-driven, patient-centered, malnutrition quality improvement project at their respective hospitals using a best practices Toolkit, and can use clinically meaningful measures to track and monitor improvement. Learning Collaborative participation and all included resources are free.

Interested hospitals and health systems, please email: [MalnutritionQuality@avalere.com](mailto:MalnutritionQuality@avalere.com)

### **MQii Learning Collaborative Introductory Webinar**

A series of introductory webinars are being offered to share information about the MQii Learning Collaborative, discuss opportunities to get involved this year, and address any questions. Click on the dates/times link below for registration to upcoming webinars.
