

2026-2027 Dietetic Practice Groups

#12 Behavioral Health Nutrition (BHN)

\$30 | \$15 | \$10

Members active in areas of eating disorders, intellectual and developmental disabilities, addictions and mental health.

#34 Cardiovascular Health and Well-being (CV-WELL)

\$30 | \$15 | \$10

Members are experts in promoting cardiovascular health (prevention and treatment), well-being, and physical activity.

#44 Clinical Nutrition Management (CNM)

\$35 | \$10 | \$5

Members are managers/directors who lead clinical nutrition programs across the continuum of care.

#23 Diabetes (DDPG)

\$35 | \$20 | \$15

Members empowered to be leaders in food, nutrition, and diabetes care and prevention.

#31 Dietetics in Health Care Communities (DHCC)

\$35 | \$17.50 | \$5

Members who practice in the areas of acute, post-acute and long-term care, home health, corrections, foodservice, regulatory agencies, and business.

#32 Dietitians in Business and Communications (DBC)

\$35 | \$20 | \$20

Our membership is comprised of leaders, both students and professionals, working across all areas of dietetics—from industry to healthcare, to public policy and beyond.

#18 Dietitians in Integrative and Functional Medicine (DIFM)

\$40 | \$25 | \$20

DIFM promotes health, prevention and treatment of chronic disease through an evidence-based, comprehensive assessment of all body systems, nutritional status, and lifestyle, using biomarker, genetic and laboratory tests. Assessments guide personalized treatment plans that address nutrition, environment, lifestyle, sleep, stress, physical activity, mind-body, and targeted use of nutraceuticals.

#27 Dietitians in Medical Nutrition Therapy (DMNT)

\$35 | \$15 | \$10

Members who practice a wide range of medical nutrition therapy across the continuum of care in a variety of settings.

#24 Dietitians in Nutrition Support (DNS)

\$35 | \$20 | \$10

Members integrate the science and practice of enteral and parenteral nutrition to provide therapy to adult and pediatric patients in acute/outpatient settings.

#46 Food & Culinary Professionals (FCP)

\$35 | \$15 | \$15

Members with a food and culinary focus and/or interest in areas including supermarkets, retail, restaurants, hospitality, food safety, agriculture, recipe development and all food in general.

#11 Healthy Aging (HA)

\$30 | \$15 | \$10

Members are a valued source of information on ways to help older adults maintain health through optimal nutrition and physical activity.

#15 Hunger and Environmental Nutrition (HEN)

\$35 | \$10 | \$10

Members seek to optimize the nation's health by promoting access to nutritious food and clean water from a secure, just, and sustainable food system.

#41 Management in Food and Nutrition Systems (MFNS)

\$35 | \$17.50 | \$15

MFNS members are visionary food and nutrition services directors and aspiring leaders and managers, employed in diverse dietetic practices: health care, institutions/systems, university food service or education, K-12 schools, suppliers, wholesalers, retailers and corrections.

#50 Nutrition and Dietetic Educators and Preceptors (NDEP)

\$40 | \$35 | \$20

Members of the NDEP group's mission is to advocate for and empower educators and preceptors to lead the profession of nutrition and dietetics.

2026-2027 Dietetic Practice Groups

#52 Nutrition Education for the Public (NEP)

\$30 | \$20 | \$15

Members work with nutrition education programs for target populations.

#51 Nutrition Educators of Health Professionals (NEHP)

\$30 | \$10 | \$10

A dynamic network of professionals providing nutrition education for medical, dental, nursing and other allied health students, residents and practitioners.

#30 Nutrition Entrepreneurs (NE)

\$40 | \$20 | \$15

Our members are visionary and innovative dietitians with diverse entrepreneurial interests including authors, coaches, corporate health specialists, private practice practitioners and technology experts, as well as those exploring other entrepreneurial possibilities. Our mission is to inspire and cultivate entrepreneurs through a community dedicated to supporting success.

#47 Nutrition Informatics (NI)

\$25 | \$20 | \$10

Members work in informatics and pursue ways to gain insight on cutting edge technology and implementing and improving current processes.

#20 Oncology Nutrition (ON)

\$35 | \$5 | \$10

Members are nutrition practitioners involved in the care of patients with cancer, cancer prevention, and research.

#22 Pediatric Nutrition (PNPG)

\$35 | \$15 | \$15

Members promote optimal nutritional health for infants, children and adolescents.

#10 Public Health/Community Nutrition (PHCNPG)

\$30 | \$30 | \$15

Nutrition practitioners who work on designing, implementing, and/or evaluating practice or evidence-based public health and community nutrition programs or interventions in diverse settings with diverse populations, domestically and internationally.

#21 Renal Dietitians (RPG)

\$30 | \$15 | \$15

Members of the Renal dietetic practice group provide medical nutrition therapy in dialysis facilities, clinics, hospitals, university settings and private practice.

#54 Research (RDPG)

\$35 | \$20 | \$20

Members share an interest in research as the foundation of evidence-based practice.

#42 School Nutrition Services (SNS)

\$30 | \$15 | \$15

Members work in the delivery of food service and nutrition education to children.

#33 Sports and Human Performance Nutrition (SHPN)

\$35 | \$17.50 | \$20

Our members work with athletes and people at all levels of human performance to optimize holistic health for a lifetime. SHPN leverages the integration of nutrition, exercise science and technology to set industry standards, provide continuing education and prepare the next generation of cutting-edge professionals.

#14 Vegetarian Nutrition (VN)

\$30 | \$15 | \$10

Members serve as the authority on evidence-based plant-based nutrition.

#26 Weight Management (WM)

\$35 | \$15 | \$15

Our members address the needs and goals of the client through open-minded, collaborative and person-centered interventions focused on improving body composition.

#28 Women's Health (WH)

\$30 | \$20 | \$15

Members of the Women's Health dietetic practice group provide nutrition care services and education that are unique to women across the life stages including preconception, prenatal, postpartum, lactation, menopause and chronic diseases care.
