

You're Invited to Participate in:

The Health Professions Pipeline Diversification Project

Semi-Structured Focus Group Interviews

PURPOSE

This research study provides Black, Indigenous, People of Color (BIPOC) students the unique experience of participating in a research study aimed at understanding the educational, research, and mentoring experiences aimed at addressing those experiences through the development of a nutrition research mentoring program.

ELIGIBILITY

(a) Enrolled full-time, (b) age 18 or older, (c) interested in pursuing a degree in nutrition or dietetics, (d) able to fully access the web-based survey (demographics) and remote interview sessions through use of a computer with internet, smart phone, etc.

INTERVIEWS

Participate in a focus group for 60-90 minutes with 5 people.

Participants will receive a \$25 thank-you gift card for their time.

All conversations will be recorded, de-identified, and kept confidential.

Are you interested in sharing your story? If so, please scan the QR code or fill out the following link: <https://redcap.link/EmpathyEquity>
